**NEW JERSEY STATE BOARD  
OF MEDICAL EXAMINERS**

STATE OF NEW JERSEY  
DIVISION OF CONSUMER AFFAIRS  
BOARD OF MEDICAL EXAMINERS

IN THE MATTER OF:

Administrative Action

BERNARD PERLMAN, M.D. : ORDER OF REINSTATEMENT  
:

This matter was opened to the New Jersey State Board of Medical Examiners by way of receipt of a request to vacate the indefinite suspension previously imposed by Consent Order, and for reinstatement of License. The Board has received information that the indefinite suspension of respondent's license in Massachusetts, and his probation agreement with the Board of Registration in Medicine of Massachusetts has been terminated; that the Physician Health Services Program of Massachusetts Monitoring Program has documented his successful completion of a five (5) year program of monitoring of his sobriety; that a physician with expertise in addiction treatment attests to his successful recovery; and that a variety of physicians, including his treating physicians and colleagues have written in support, indicating his successful return to the practice of medicine in Massachusetts since 1997. Given respondent's compliance with all terms of the Consent Order of August 30, 1999, and for other good cause shown;

IT IS THEREFORE ON THIS 11th DAY OF March, 2003,

**CERTIFIED TRUE COPY**

ORDERED:

1. That the indefinite suspension of the license of Dr. Perlman imposed by Order filed August 30, 1999 is hereby terminated and Dr. Perlman is eligible for licensure at this time.

2. Prior to beginning any active practice in New Jersey, Dr. Perlman shall be required to notify the Board of Medical Examiners and shall appear before a Committee of the Board to discuss his plans for practice, his continued recovery, and his then current medical practice. At the time of the appearance, the Board will consider whether there is need to impose any condition on the license of Dr. Perlman, such as, but not limited to, monitoring or evaluation.
